**Guy Sanschagrín** has more than 20 years of experience providing transfer pricing, valuation, economics, and business process improvement consulting. His expertise includes managing large-scale transfer pricing system design and documentation projects around the world. Prior to joining WTP Advisors, Mr. Sanschagrín had a three-year assignment for a Big 4 firm in Belgium as the national transfer pricing practice leader. Earlier in his career, he was an industrial engineer performing and leading dozens of business process improvement initiatives. Mr. Sanschagrín is a frequent speaker and author; who has in-depth knowledge of transfer pricing regimes, OECD, and local country guidelines and laws. He is a member of the MNCPA and AICPA®, and is involved with numerous professional organizations. He has served as the vice president of the Minnesota Association of Business Valuation Professionals and president of the Twin Cities chapter of the American Society of Appraisers.
